Yes. I also have another matter to run by you. I will swing by once I get a little more coffee in me.

Tim

Tim,

I think we should talk about this sometime when you get a chance.

Thank you,

Andy

It might be good if those folks from EPA could send us a draft agenda of what information can be covered, so we know how long the meeting will need to be. We have a lot of managers that were looking forward to the presentations when you were here that really need all the information, not just the soil data that is in the manuscript.

Subject: NJDEP skype call update

All,

We discussed having a Skype call with ORD-NERL and NJDEP management to outline PFAS findings from the sampling conducted in/around Solvay and Chemours. We will set up the call in November, accounting for the time needed to complete the vegetation sample analysis and evaluation, which could add to the overall findings.

Thanks, Erica
